#### THE CHURCHES AND THE WAR.

President Wilson has received a chaplain's war medal from the Federal Council of the Churches of Christ in America as "an expression of appreciation by the churches and to the world through his leadership in winning the world war, and bringing to the world the ideals embodied in the League of Nations."

His "leadership in winning the world war" is recognized by the Federal Council. No Republican politician or newspaper recognizes it. So far as we can gather from the speeches of Mr. Harding and the lesser Republican lights, who never mention the war if they can help it, several million American heroes—the Republican party wants their votes—went over to Europe of their own accord and spontaneously cooperated with the French and British, and the only connection of the President with his cabinet and a Democratic Congress and the whole fabric of the Government was to squander the public revenues and obstruct American soldiers and sailors in getting at the enemy. But the Federal Council representing a large part of the Christian men and women in the country, recognizes Mr. Wilson's "leadership in winning the world war."

But what is of vastly more importance, the Federal Council recognizes his leadership in "Bringing to the world the ideals embodied in the League of Nations." The Republican party as a whole, in its platform and in the speeches and actions of its Presidential candidate and all its leading spokesmen, regards the League of Nations with detestation, as a trap by entering which we shall surrender our national sovereignty and which will keep American soldiers, fighting in all quarters of the globe.

We observe a marked disparity between the Republican party and the Federal Council of Churches.

#### The Other Side of Advertising.

Advertising is not a convenient method of getting rid of otherwise unsalable goods. Those who so look upon it ultimately pronounce it a failure, and discourage others from its use for legitimate purposes.

Advertising is a method of opening the doors of opportunity to the consumer. Those who so look upon it grow and prosper rapidly.

Remember that a good bargain can never be one-sided. The merchant's business is to get the attention of those who will find satisfaction as well as profit in dealing with him.

The readers of the Gazette advertising are not looking for means of getting rid of their money, but of exchanging it for something of greater service to them.

If you have an article which answers that description, it will pay you to let the Gazette folks know about it.

#### CONVICT KILLED IN ESCAPING.

Sentry's Shotgun Explodes During Scuffle in Virginia Quarry.

Charlottesville, Va., Oct. 8.—Just as the men were knocking off for the day yesterday at the quarry of the State lime grinding plant in

Augusta County five negro convicts made a murderous assault on one of the guards. In the struggle that ensued Homer Blyes, a long term was shot through the stomach and almost instantly killed and the other four made their escape.

The guard attacked was Jasper N. Kincaid. While his attention was momentarily attracted by one of the men another seized the shotgun he held and tried to wrench it from his hands. Four other convicts hastened to the aid of the attacker. The gun was discharged and Blyes fell mortally wounded. After securing the gun the remaining four men fled.

The escaped convicts are Robert Coleman, James Keller, William Matthews and Robert Cohen. The men were serving terms of from ten to eighteen years.

In thy Savior's tender care,  
Where there is no pain or sorrow,  
None on earth can harm you there.

Thy sweet to breathe thy name;  
Thy life we loved thee dearly,  
In death we do the same.
